

Procurement Activities Basic Policy

Introduction

Under the corporate philosophy “Dedicated to the Fight against Disease and Pain,” we at Ono Pharmaceutical Co., Ltd. have been contributing to society by developing pharmaceutical products. We believe that sound business operations cannot be achieved only by ourselves and that it is essential to obtain the understanding and cooperation of all stakeholders involved in procurement, research, development, production, and distribution.

To promote sustainable procurement, we have established the Procurement Activities Basic Policy and the ONO Sustainable Procurement Code for Business Partner, eventually leading to achieving sustainable social development throughout the supply chain.
