## Approach to tackle the OPDIVO Patent Cliff

**Global expansion, Pipeline expansion**

**⇒ Accelerate global expansion through the acquisition of Deciphera**

Issues from the perspective of outside directors  
**“Adapting to change” (Especially in HR policies)**

# What is Needed for “Change”

## First global M&A for Ono Pharmaceutical

**Task differences: Technical problems**

**⇒ Adapt effectively**

**Cultural differences: Social and corporate culture (people-related issues)**

**⇒ Understanding and Leveraging Diversity**

**Need to share/empathize**

**The Group's Common Values  
(Corporate Philosophy, etc.)**

## Fairness and Transparency

**Establish a global HR system, promote the active participation of women and mid-career hires**

## Expression of individuality

**Systems for open internal job posting & "Challenge jobs"\* etc.**

**\* Exploring new opportunities by taking on roles in multiple departments**

## Work style

**Respond to different work styles (expand systems)**

**Monitor the status of diversity and readiness to change through reports and engagement survey results, employee dialogue, etc.**

# Next Steps

## Promote active careers for women

- **The harsh current reality: (Percentage of female managers: Currently 7.3%, target for FY2026: 10% / target for FY2031: 20%)**
- **We are making steady, consistent effort. Although there has been no rapid progress, the organization's culture is beginning to change.**
- **More expectations for increased career hires and the globalization of our talent base as a result of acquisitions.**
- **Need to expedite the promotion of women to executive-level positions. (To establish role models.)**

## Human Resources Development

- **Efforts are underway to develop our personnel and encourage embracing challenges. (Based on employee feedback.)**
- **We need to leverage the diverse talent we have cultivated and create role models.**

**It is important to demonstrate from the top how to create an organization that accepts and makes the most of capable and diverse talent**

# **ESG Initiatives to Promote Growth Strategies**

# Strengthening the management infrastructures

## Management infrastructures to support growth strategies - Expansion of intangible assets -

## Corporate Philosophy

### **Dedicated to the Fight against Disease and Pain**

## Our Vision

### **Be Passionate Challengers**

Our Vision is to strive with the utmost effort and strong determination to meet the challenge of combining our individual competencies to deliver new, innovative drugs to patients. We will continue being the most passionate champion in the fight against disease and pain, together with patients, their families, and healthcare providers.

## Our Value

### **Ono aims to be a world-changing team**

What we are trying to achieve is to meet a challenge that nobody has ever successfully overcome before. It is therefore vital that we bring together our greatest wisdom, heart, aspirations and power as a united team.

### **The greater the challenge, the more passionately Ono will rise to meet it**

We will inevitably come up against brick walls when we are facing unprecedented challenges. When we encounter such obstacles, we should unhesitatingly rise to confront them and unflinchingly persevere in applying our ingenuity to overcome them.

### **Ono acts with dignity and pride**

We should never lose the sense of dignity and pride we feel as people working in the pharmaceutical industry. We should be the bringers of hope for all those around the world who are waiting for us to deliver solutions.

# What is required to accomplish our mission

There are things that ONO Group has valued, and there are things that Deciphera has valued. By learning about and connecting with each other's values, we can achieve mutual understanding.

# Measures to disseminate Mission Statement

◆ **Mission Statement training**

## Lastly...

Let's make the **ONO Mission Statement** our common language and use it to facilitate communication across countries, regions, and divisions, **deepening mutual understanding and foster a sense of unity.**

# What is ONO Sustainability?

[Policy for the next 100 years]

## Sustainable Management Policy

For more than 300 years since our founding, we have walked hand in hand with society. To help people who are suffering from disease, we have created a series of innovative new medicines that had been thought to be impossible. We will continue to contribute to people's health by practicing our Corporate Philosophy and taking on the challenge of realizing a sustainable society through responsible business activities.

**We contribute to the sustainable development of society through our business.**

In addition to contributing to people's health through our core business, we will continue to take on the challenge of realizing a sustainable society under the policies of "preserving a rich global environment for the next generation," "realizing a society where people can play active roles," and "establishing highly transparent and robust management."
